Dear Sir

I paid a very hurried visit to Washington yesterday and called in to see the pictures of which you wrote me — the Landscape to which you referred is certainly strongly treated, but inasmuch as I understood the Trustees to have decided — or to desire

That only "first class"
things should be purch-
-ased, I can scarcely say
I was unprepared that
any thing in the collection
came nearly up to my
notion of this Institute,

Say to Dr Hall
I refer the matter to
himself and Mr Riggs,

Dear Sir

The offer of yan Committee for the Pulaski bust contained in yan favor of the 19th instant, has been submitted to the owner, who instructs me to say that he cannot in justice to himself & the work accept the same, particularly as he has a much more advantageous standing offer.

Dear Sir:

Did you ever get the descriptive matter for the articles from Remington Museum? if not I can furnish them. When will you make a new ed'n of Catalogue? Please send me one, and I would like a couple of the photos from the Müller and Chierici and Conte. Mr Walters said that he had ordered some to be sent to me but which never came. Thanking you

Dear

I have no rec-
ollection about the promise
to Mr Avery about the
Photographs — but to him
it would I think be a
just reciprocation as
he has given us similar
things — Details, Barry's
&c — but don't send
them unless you think

let Avery have the

it would meet the approval of the Other Trustees besides myself — I think you and very right about your precautions in things of this sort —

I am glad the David has come out all right — I was fearful about it —

I shall be absent until Monday week next —
